

Guidelines for series approval of products for
Visual Display Units

Basic Configuration	Grouping as one series provided product has
Visual Display Units	<ul style="list-style-type: none">• Same Mains layout or same SMPS board layout.• Same enclosure except for differences of decoration parts.• Power Transformer: Same design and insulation System

Guidelines for Quantitative Selection of Samples

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
